

Take easy to face night coming,
sunshine to your life.

ZM26 Knuckle Head, tail magnetic powerful multitask Flashlight

Valued customers, thanks to choose Lightfe flashlight. We have focused on handheld flashlight, headlamp, bicycle lighter and outdoor illumination devices, and intergrated in those items R & D, manufacture, sale for more than 10 years. we provide for every users with professional, stable, durable, efficient, advanced illumination devices, make all users enable to take proud to face night coming.

【Features】

1. Utilizes CREE XM-L2 LED source.
2. Rotation zoomable head design, adjustable spotlight scope.
3. Knuckle head 100° adjustable head fit for different working situations.
4. 3 modes design, High / Medium / Strobe
5. Extended runtime will be satisfied with your illumination demand for long time.
6. Knurling anti-slid handhold is not only elegant in appearance, also is comfortable in hand feeling.
7. Customized DC charger, convenient to EDC use.
8. Reverse polarity protection design prevent from improper battery insertion.
9. Tail powerful magnetic design can be secure to any iron surface, release your hands from working.
10. the zoomable rechargerble knuckle magnetic features is suitable for outdoor activities, camping, EDC, emergency light and so on.

【Optical Features】

1. High power CREE XM-L2 LED source
2. lifespan 50,000 hours.
3. Digital regulated current output and constant brightness.
4. 4 modes, High / Medium / Low / Strobe
5. Max. 700 lumens
6. Max. 185 meters beam distance.

【Physical Features】

1. IPX-8 waterproof rate.
2. Acrylic eagle eye convex lens
3. Impact resistance limited 1.5 meter
4. Dimension: Length 135mm X Body Dia. 27mm X Head Dia. 35mm
5. Net. Weight: 177 grams (excluding battery)
6. Material: High strength aerospace aluminum alloy.

7. Mili-spec III hard-anodized anti-abrasive surface treatment.
8. Aluminum alloy reflector cup

【Battery Features】

1. Powered by 1* 22430 Lithium battery
2. Input Voltage: 3.0-4.2v
3. Runtime: Based on battery capacity and quality, average 1h @ High, 6hs @ Low

Notes: the above data concluded from lab testing, will be vary with accual environments and different batteries.

【Accessories】

Included: 1* 22430 Li-ion battery, 1*DC Charger, 1* clip,
2* Spare O-rings

Optional: Pocket, Diffuser

【Specifications Parameter】

| | High | Medium | Low | Strobe |
|--|--|--------|------|--------|
|  | 700LM | 175LM | 70LM | / |
|  | 1H | 6H | 60H | / |
|  | 185M (Beam distane) | | | |
|  | 8500cd (Light intensity) | | | |
|  | IPX-8 waterproof Rate (Submersible 2M) | | | |
|  | 1.5 meter Limited (Impact Resistance) | | | |

【Maintenance and attention】

1. High quality battery is suggested to be used;
2. Due to the high brightness, please do not shine it directly into eyes. Children should use the light under the guidance of adults. Please put the light away from children;
